Easy, Beautiful Mature Skin Makeup

In this video, Robert Jones performs a full makeover on Fran, a beautiful 12-year old (that's 12×4, 12×5, or 12×6). Robert walks through all the makeup types and color choices he prefers to help mature skin look fresh, clean, pretty, and youthful.

20 Minute Extreme Smoky Eye Makeup

This video features a **20 minute extreme, intense…but still wearable…smoky eye**. As always, whenever we go intense with the eyes we need to go subtle with the lips.

Got a night out on the town? Or getting ready for all those holiday parties to hit? Give this intense smoky eye look a try and spend this season looking (and feeling) ultra glamorous!
