Celebrity makeup tutorials are HOT items and this one is no different! Kim Kardashian is constantly in the spotlight as a beautiful, “bronzy” babe with a look *everyone* would love to rock! She has also managed to capture a bit of runway in her fresh, bronzed glow and full, strong brows!

Robert loves to teach celebrity inspired looks, but is always first and foremost to state that rather than just copying a celebrity look you should take the look you love and make it your own!

Easy, Beautiful Mature Skin Makeup

In this video, Robert Jones performs a full makeover on Fran, a beautiful 12-year old (that’s 12×4, 12×5, or 12×6). Robert walks through all the makeup types and color choices he prefers to help mature skin look fresh, clean, pretty, and youthful.

20 Minute Extreme Smoky Eye

This video features a **20 minute extreme, intense...but still wearable...smoky eye**. As always, whenever we go intense with the eyes we need to go subtle with the lips.

Got a night out on the town? Or getting ready for all those holiday parties to hit? Give this intense smoky eye look a try and spend this season looking (and feeling) ultra glamorous!

The reason I chose to post this video is both the quality of the information in the video and Robert Jones himself. Robert cares first of all to make women feel good about themselves and he does it with such integrity, professionalism, and grace. Robert is definitely set apart from most of the people I have come in contact with in my 38 year makeup career ,I love that every person he touches he is able to enhance the best of their features, but most of all where most people just do the makeup he is a teacher.
