

Suki

Suki

know your beauty® – accepting & expressing our authentic selves. acknowledging that we are beautiful because of our individuality. defining beauty on our own terms. suki® is a life-affirming & self-affirming program. our formulas support vitality, strength & good health. know your beauty also means having honest & complete information. trusting what we consume, inside & out.

She has dedicated her life to research of ingredients & skincare &, after years of collaboration with cosmetic chemists & traditional herbalists, her vision, “evolutionary skincare,” came to life – the innovation of a completely new skincare formula – suki® clinically-proven natural solutions® skincare.

when she founded suki® in 2002 in my kitchen, she set out to revolutionize the skincare industry using the purest of ingredients with natural advanced cosmeceuticals & her original high-potency botanic concentrate® in what is now her suki® innovation lab®. they hand-select raw materials to create an entirely new aesthetic. each ingredient & final formula is clinically tested to outperform leading synthetic

brands.

Their mission – to provide efficacy, excellence, integrity & authenticity in everything my company does, from our responsible business practices to our ongoing efforts in the support of non-profit organizations & charities. they hope to lead this “skincare evolution” positively affecting the world.

at suki®, there’s a product suited for everyone & all skin types, from babies to pregnant moms as well as men. everyone falls under 2 categories: nourishing or balancing.

NOURISHING

specifically designed to benefit combination to dry skin types, to prevent signs of aging or for mature skin. these skin conditions result from an impaired moisture barrier & oxidative stress – both internal & external. this leads to dehydration, dry patches, uneven skin tone, fine lines & wrinkles.

suki® nourishing products contain:

	essential vitamins	
	rich omega oils	
	potent antioxidants	
	ultra hydrators	
	firming peptides	

BALANCING

specifically designed to benefit combination to oily skin types, rosacea, adult acne, cystic acne, eczema & other forms of dermatitis. these skin conditions result from inflammation that can lead to many problematic concerns such as enlarged pores, excess oil production, facial flushing, redness, itchiness, hypersensitivity, uneven skin tone & various signs of imperfections such as breakouts, whiteheads, blackheads & large, red bumps.

suki® balancing products contain:

	immune system boosters	
	sebum regulators	
	pore refiners	
	anti-inflammatory activities	
	skin soothers	
	redness relievers	
	anti-bacterial agents
